

POETRY.

"MUCH YET REMAINS UNSUNG. WHAT IS SOLITUDE Not in the shadowy wood, Nor in the crae hang glen In caves untrod by men; Not by the bleak sea shore, Where barren surges break

Not on the desert plain

Where man hath never stood,
Whether on isie or main—
Not there is solitude! Birds are in woodland bowers. Voices in lonely dells; Streams to the listening hours

Talk in earth's secret cells;

ver the gray ribbed sand, Breathe Ocean's frothy lips; O'er the still lake's strand
The wild flower tow'rd it dip*;
Pluming the mountain's crest
Life tosses in its pines; oursing the desert's breast Life in the steed's mane shines.

Leave -if then would'st be lonely-Leave nature for the crowd; Seek there for one—one only
With kindred mind endowed;
There—as with Nature erst
Closely thou would'st commune.
The deep soul music nursed
the either heart attune!
Heart wearied thou will own,
Vainte that bindrom woord,

POLITICAL.

Vainly that phanton woord That thou at last has known What is true solitude!

(From the New York Evening Post.) WORSE AND WORSE.

The more we look into the rate of taxes recently laid on imported goods, the worse we find it. We publish to-day an analysis of the duties on the various de-

scriptions of cotton and woollen goods, prepared by an accurate hand, which will astonish our readers. ties, in various instances, of nearly two bundred per poorer classes ! cunning on the one hand, and corrupt connivance on

the other, than that which produced the oppressive revenue law, under which we live. The majority in Congress were resolved to gratify the manufacturers: body of most active and powerful canvassers in elections. The manufacturers took advantage of this dis position, to an extent, of which even the political leaders, unjust as they were, are not aware; and, by craftly the prices of manufactured goods enormously, and turers also. runs up the profits of the factory owners to thirty per cent, on the capital. There is not a man of all those who voted for the Tanff, who, if he knew what he was doing, if he did not utter his AVE in pure ignorance of the effect of the law to which he gave his ap proval, does not deserve to be an object of public contempt, and to walk the streets amid the hisses of his countrymen for the rest of his life.

We desire the attention of our readers to the tables we lay before them. They will not find the examination of them very intricate. They show what a maknaves of the mills on the one hand, and the knaves the Halls of Congress on the other, we are fleeced and peeled as mercilessly as if we had a conquering army n the land laying us under forced contribution.

Look at the rates of duty; duties of fity per cent duties of a hundred per cent, duties of a hundred and fifty per cent, duties of a hundred and eighty per cent., and more. See how prodigiously the prices of the goods manufactured in the American mills have risen since the Tarill was laid; in some cases, nearly to

tual bar to any permanent rise in the value of the products of the farmers and planters and mechanics, but not so with their goods; they have secured the monopolity of this great market, and they are now getting profits unheard of in a regular and steady trade. If the operatives in their configuration of any leader of the party. In a word, I tell you there is no ground for the Theory of the party with their configuration of any leader of the party. In a word, I tell you there is no ground for the Theory of the party with their configuration of the party with which they act.

parade of particular articles which are claimed to be said at a less price than formerly—a diminution which sold at a less price than formerly—a diminution which votion to the Whig party is stronger than their design at once set down to the credit of high duties, irres
votion to the People.

It is also gratifying to perceive that he is sustained by mand his passoort, that the decree was ranged within pective of any other considerations, as regards the volume of the currency, or the peculiar circumstances of the manufacturing world. Nothing can be more adverse to the right appreciation of a subject, than such McDuffie's, I know not; but it is certain that Senators. Convention: a course, whether it be adopted to favor or disparage it.

Mr. Clingman has voted for the reception of Aboli

Mr. Clingman has voted for the reception of Aboli However variant our views may be, as to the real effect of high duties on foreign imports, there is one point, tion petitions, and it seems to have gained him consiconnected with the subject of imposts, upon which there can be no contrariety of opinion. It is this:— fortunate for the interests of the South, as his residence The primary object of impost must be revenue; hence, in North Carolina, of itself, attaches importance to his all the secondaries, however numerous, most be of a position. He has no doubt greatly disappointed the character not to conflict with the original intent of the expectations of the people of his State law by which the first object is sought to be accom-This, we believe, is conceded by Mr. Clay in all his late letters to Southerners; yet his supporters, at the North, shut their eyes to the fact, and vociferate, with redoubled energy, "Clay and Protection!" This old sinner has done more mischief towards weakwith reducible energy, City and Protection. This it is old sinner has done more muchiel towards weak-noise, however, is pretty generally understood and appreciated at the North-its object being to bring the man in it, living or dead. A Federalist dyed in the wool, manufactu ing capital of this region to the support of the deserted his own party, turned tale-bearer against the

primary objects of its inst tution, is rendered probable for three years, has reached eighteen millions of dol-lars, which added to a previous deficiency, does not This is son of profound peace-in the midst of abundant harvests-thus to be accumulating a debt, and that, too, while submitting to restrictions on commerce for the express purpose of preventing such an accumulation? We think not; and such, we doubt not, is the verdict of the whole country-by which we mean the great mass of the people, whatever their political associations. Manifestly, then, the revenue system, if competent, by any method of adjustment, to realize the primary bject of its institution, should be so modified without unreasonable delay, not only as a means of arresting the accumulation of a national debt, but as a reasonable concession to the diversified interests affected by the indirect taxation which a system of imposts necessarily involves. Extreme changes should be avoided; but the baste with which the present revenue laws were hurried through the forms of legislation—their conceded inability to realize the primary object of their enactment-all conspire to press on Congress the duty of revision, that the law may meet the ends designedshall demur to such a cause, will furnish abundant evi dence of selfishness, while a confession will have been made that advantages are enjoyed, which the participants are not willing should be shared by others, or withheld from themselves. This is one of the worst aspects of human nature; and it is to be regretted that b gislation should ever be of such a character as to give it so painful a prominence as in the present connection. [Rochester (N. Y.) Republican.
